### Sustainability in Food - Canada

"A week seemingly doesn't pass when there isn't a dire warning about the precarious situation the planet is in and if standard practices aren't changed how the environment will worsen. Though this is not in debate, how consumers are responding and will respond, is. With respect to food and drink ...

### Meal Planning & Preparation - Canada

"The dreaded question "what's for dinner?" is one that some 88% of Canadians are responsible for addressing during the week. While the large majority of Canadians plan ahead for weeknight dinners, only about half are successful in seeing their plans through, meaning that there is a need for more ...
