### Private Label Food and Drink - Europe

Across Europe, development of private label offers has been a key point of focus for the major food retailers. Faced with a tough economic climate and increased competition, investment in such areas is seen as an important means of both differentiating against the other major players and of protecting margins.

### European Retail Handbook - Europe

This is the 15<sup>th</sup> edition of the European Retail Handbook. Like its predecessors, it is designed as an affordable, practical and manageable reference work, unparalleled in the breadth, depth and quality of its coverage. This year, we have expanded coverage to include 36 markets, with the recent additions of ...

### Luxury Goods Retailing - International

“We are on the cusp – in two respects. Longer term trends herald the usurpation by Asia of Europe as the largest luxury goods market by revenues. More immediately, and worryingly, financial crises in Europe and the US threaten a stalling of the global economic recovery and will certainly have ...
