New Retail - China

“Today’s Chinese consumers are used to shopping online for most consumer goods, yet physical venues remain vital for categories where consumers don’t have much knowledge and need guidance. China is on the cutting edge of developing new technologies and innovative retailing features, and the online channel will continue to become ...

European Retail Handbook - Europe

This is the 23rd edition of the European Retail Handbook. It provides basic data about all the major European countries, their economies and their retail sectors. The handbook complements Mintel’s major sector reviews, such as DIY, Supermarkets and Clothing, adding more detail and information about smaller economies.

Luxury Goods Retail - International

“The global luxury goods market resisted some major headwinds in 2018, with ongoing political and economic uncertainty in a number of the key markets, as well as a decline in the population of High Net Worth Individuals. In spite of these challenges, consumer demand has remained robust and the leading ...

UK Retail Rankings - UK

There are two major factors facing the retail sector in 2019 – the uncertainty over Brexit and the impact of online. That’s not to say that there aren’t others, from the general economic background and the housing market to business rates and the way retailers are taxed. But as we ...
